SUBJECT: Approval of Tahoe Metropolitan Planning Organization 2013 Federal Transportation Improvement Program Amendment No. 10

Dear Mr. Aljabiry:

Please accept for your review and approval Amendment No. 10 to the Tahoe Metropolitan Planning Organization (TMPO) 2013 Federal Transportation Improvement Program (FTIP). On May 28, 2014, TMPO Governing Board unanimously approved Amendment No. 10 to the 2013 FTIP. The amendment adds a 2014 State Highway Operation and Protection Program (SHOPP) - Bridge Preservation project to the FTIP.

This amendment packet contains the following:

- ✓ Approved TMPO Board Resolution
- ✓ Seven-Day Public Notice
- ✓ Summary of Changes
- ✓ CTIPS Project Printout
- ✓ Grouped Projects Detail Listing
- ✓ Financial Summary

FINANCIAL CONSTRAINT:

The changes requested in the FTIP amendment do not exceed the total amount of funding that is available and is financially constrained. The Moving Ahead for Progress in the 21st Century (MAP-21) requires that all federally-funded highway and transit projects must be developed from a fiscally constrained planning and programming process. Fiscal constraint requires that revenues in transportation planning and programming (federal, state, local, and private) are identified and are reasonably expected to be available to implement the Regional Transportation Plan and Federal Transportation Improvement Program, while providing for the operation and maintenance of the existing highway and transit systems.

AIR QUALITY CONFORMITY / RTP CONSISTENCY:

This amendment is exempt from an air quality conformity analysis, and the 2012 FTIP's Conformity

Determination approved of by the Federal Highway Administration on January 29, 2013 is the adopted analysis. The proposed amendment is consistent with the TMPO's Regional Transportation Plan referred to as "Mobility 2035" adopted on December 12, 2012. This amendment does not interfere with the timely implementation of Transportation Control Measures (TCM's) contained in the State Implementation Plan (SIP). Transportation conformity is a process for ensuring that federal funds are not expended on projects that might impact the attainment of the federal air quality standards set forth in the Federal Clean Air Act and its Amendments of 1990. The Transportation Conformity Rule appears in 40 CFR Parts 51 and 93 and is applicable to transportation plans developed pursuant to 23 CFR part 450 or 49 CFR part 613 by a Metropolitan Planning Organization (MPO). This Transportation Conformity Rule requires all jurisdictions in non-attainment areas or who are under federally approved maintenance plans to submit a conformity analysis if the planning or programming documents identify projects that have been defined as non-exempt. The Tahoe Metropolitan Planning Organization is responsible for conducting conformity determinations for both the California and Nevada portions of the Lake Tahoe Region where conformity requirements apply.

PUBLIC PARTICIPATION:

As required by Federal regulations, all amendments are subject to public review. The TMPO's Public Participation Plan requires for this type of amendment that the public review process to be open for a seven day period. The TMPO publicly noticed this amendment on May 02, 2014 on the TMPO website. At the Tahoe Transportation Commission (TTC) meeting on May 09, 2014, prior to the close of the public comment period, an opportunity for comment was made available. No comments were received during the public review period.

Section 450 of 23 Code of Federal Regulations requires MPOs to provide all interested parties with a reasonable opportunity to comment on the proposed transportation improvement program and metropolitan transportation plan. The 2013 FTIP has been developed under TMPO policies for community input and interagency consultation procedures. Projects included in this FTIP are projects proposed for funding under Title 23 (highway) or under Title 49 (transit), or projects for which approval by the FHWA or the FTA is required, or non-federally funded projects with regional transportation impacts. The TMPO in coordination with local, regional, state, and federal agencies selected all projects in the FTIP for funding with federal and/or other funds. The TTC is required to review this document and any amendments to this document and provide input into its development, and make recommendation of endorsement prior to submittal to the TMPO Governing Board. The TTC is a publicly open meeting that occurs the second Friday of every month. The current amendment can be found on www.tahoempo.org.

If you have any questions or concerns regarding this amendment, please contact Judy Weber at 775-589-5203 or jweber@trpa.org.
